COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attest its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulæ, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great, blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet *does cure* all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to And finally terminate in consumption.

Take the "Golden Medical Discovery" *in time* and it is not likely to disappoint you if only you give it a *thorough* and *fair* trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

WHY SHE SHOT PHYSICIAN.

Sobbing bitterly, 22-year-old Sarah Kotan yesterday afternoon told Coroner Harburger in New York that she shot and killed Dr. Martin W. Auspitz to avenge her good name only after she had in vain sought justice in the Court of Special Sessions, and had also futilely applied at the District Attorney's office. The coroner remanded the girl without bail to await the inquest a week hence.

After spending a night in tears, weeping in heartrending fashion, pulling her hair and striking her bosom with her hands, the young woman yesterday afternoon burst forth vehemently with the story of wrong she alleged the physician had wrought upon her.

The girl came to this county six years ago from Russia, she said. She finally got a position at Dr. Auspitz's private hospital, where she started to learn nursing. According to her story, she slept at the hospital, and one morning Dr. Auspitz visited her room. She left the hospital soon afterward.

"I had no father nor mother, friends or money," said the woman. "I was very poor, and could not get work because of my state of health. I decided to get satisfaction from the doctor. I procured a lawyer, and had him brought before the Court of Special Sessions. My witnesses were discredited and everything went his way.

"After he was acquitted I was advised to go to the district attorney's office. There I saw Assistant District Attorney Krotel and he told me that, inasmuch as the case had been tried, there was nothing more to be done.

"Then I decided that if I could not get justice in the courts I would be my own avenger. A week ago I was fully decided what to do, and bought a revolver.

"I would have killed him in his own home, but I feared to do that lest I should injure someone else. I decided to call him into that hallway. I waited and waited, and then he came. My purpose had not changed, and I fired the shot."

On May 20 when Dr. Auspitz was arraigned in the Court of General Sessions on the girl's charge that he had wronged her, Auspitz's brother and brother-in-law swore the girl was of bad character and the physician was discharged. Only a year ago Hannah Jensen, who made a similar charge against Auspitz, went to his office with her fiance, Charles Crownshield. "Take this gun and kill the cur," said he. The girl fired, but the cartridge failed to explode. Auspitz had also been named in the divorce suit of Charles Deffa against his wife, Agnes. On the stand the doctor told of Mrs. Deffa having sat in his lap, and the infuriated woman tried to attack him in court.

ATTEMPTED TO BURN A CHURCH

An attempt was made yesterday to burn down the old St. Paulus Catholic Church at Mosbit, Germany, belonging to the Dominicans, which was crowded with people assembled to hear a sermon by the famous Dominician monk, Bonaventuri. About 1,800 persons were present, including more than a thousand women and children, to hear the mass. While the congregation was kneeling in silent prayer some one informed Father Bonaventuri that the church was afire.

Without alarming the congregation he coolly stepped over to the priest who was celebrating mass and requested him to close the service. The priest left the altar and spoke to his six assistants, who walked down the aisles and whispered to the pewholders that an insignificant blaze had broken out and that they had better leave the building as soon as possible.

At this time the entire roof of the church was a mass of flames and the fire brigade was hurrying to the burning building. Those in the church, not knowing the extent of the fire, fortunately did not realize their peril, and on the clergy's request made their exit rapidly and in an orderly manner.

When they reached the streets they found the firemen drawn up, with ladders against the walls. The fire-fighters discovered that nearly a dozen of the fire-brands, soaked with petroleum, had been distributed about various parts of the roof. The flames were extinguished with difficulty after great damage had been done.

TO THE OWNERS OF DOGS.

MAYOR'S OFFICE, Alexandria, Va., June 6, 1908.

All persons owning or intending to keep any animal of the dog or canine species should come forward on or before

JUNE TWENTY FIFTH, 1908,

and take out a license for the same from the Auditor. After the 30th of June all persons owning or harboring dogs without the required license are subject to a fine as the laws of the subject require of $3 or $5.

Complaint has been frequently made that many persons fail to take out their license, and that other pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and policemen will report all such cases, and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

☞In order to avoid any mistakes persons who make applicat on for licenses would do well to write their names and number of residence, street, etc., on a card or paper when making application for their licenses to the Auditor.

Attention is also called to the fact that while the payment of a license tax is required by the laws of the city whether a dog is kept on the premises of the owner at all times or not, yet the payment of such tax does not entitle the dog to the unrestricted use of the streets and alleys of the city, both day and night, for it is provided by law that "The Mayor in addition at any and all times, in his discretion, by proclamation shall declare that all such dogs as above licensed shall be securely muzzled, and if any such dogs be found running at large during the continuance of such proclamation without the required muzzle they shall be seized by the police force, or other persons designated by the Mayor for such purposes," and conveyed to a suitable place and destroyed.

FRED. J. PAFF, Mayor.

The following is a copy of Section 54 of the License Law: "On every dog, regardless of sex, one dollar and fifty cents."

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

TUESDAY EVENING, JUNE 9, 1908

IN the army the pull is mightier than the sword by all odds. It is no wonder that conditions in the military service, as described by Chairman Hull, of the House military committee, are "desperate." Mr. Hull's son was made a major and soon afterwards lieutenant-colonel in violation of the rule of promotion by seniority and merit. The son-in-law of Senator Warren, chairman of the Senate military committee, was promoted from the rank of captain to that of brigadier-general at one bound, in violation of the same rule. Gen. Wood, for being a chum of the president, was raised from the rank of colonial to that of major-general. Political pull and personal favoritism have filled the higher ranks of the army with incompetents; and this has disgusted the trained officers who have been kept down by that vicious policy. It is now proposed to conciliate those professional military men by raising their pay, or, in other words, by bribery. But the panic brought on by the extravagance and vicious tariff and financial legislation of the republicans is likely to make the bribery scheme impossible and many young officers will abandon the army for civil life. The private soldiers are already deserting by scores.

THE national republican committee at Chicago continued yesterday to grind out Taft delegates from the southern States, and Frank. H. Hitchcock, the Roosevelt-Taft manager, announced last night that Taft will have 700 votes on the first ballot. Any doubt that may have existed as to whether the administration and Secretary Taft approve of the methods pursued by Mr. Hitchcock, manager of the Taft interests in Chicago in dealing with the contesting delegations before the national committee was set at rest by the dispatch of a telegram yesterday by Secretary Taft to Mr. Hitchcock directing him to make no change in the methods he is pursuing. President Roosevelt does not conceal his satisfaction at the work being done in Chicago. The administration view is disclosed in the following utterance, which exactly represents not only the views of the president, but of Secretary Taft:

Now is the time to settle the matter. Those who are falling at Chicago are the very ones who have been making unceasing war on the administration for a long time, and had the tables been turned would have gone the limit of their power to eliminate the Roosevelt influence on the party.

THE coal trust publicly states that the wage scale will remain the same as now until April 1, 1909, and although the cost of mining has greatly increased, the price of coal will be the same. There seems to be something out of gear in this information, for if the labor scale is the same the cost of mining coal can hardly be greatly increased. Then there is the automatic increase in the price of coal of ten cents a ton a month until September, which hardly agrees with the statement that the price will not be added to. Will Mr. Barr explain these paradoxes? But one thing is certain, the republican Congress has been standing pat on the tariff to the evident advantage of the coal and other trusts.

SECRETARY TAFT yesterday gained 16 more votes by the decisions of the national committee in the contested cases. The allies fought hard to gain some concessions, but word was sent out from Washington to run rough shod over all opposition and the order was obeyed strictly.

IT IS cheap generosity which promises the future in compensation for the present. But when it comes to reform in the tariff, the currency, the election methods and other matters, such a promise is the essence of republican statesmanship.

AN exchange says an almost complete change in the Cabinet is predicted if Taft is elected president. Did anyone ever hear of a new president not making "almost a complete change in his Cabinet?"

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, D. C., June 9.

For the first time in the history of American national political conventions or the political history of the world, for that matter, the diplomats of the world are to be given the choicest seats on the speaker's platforms, arranged in a group, for the purposing of witnessing the nomination of two rival candidates for the presidency of the country to which they are accredited. Twelve countries will be represented at the Chicago convention next week, and eight or ten will be represented at the Denver convention three weeks later. Some of the diplomats will attend both conventions. All the plans for seating the diplomats having been made, Ambassador Brice, of Great Britain, and Mr. Wu, the Chinese minister, departed from Washington today for the great political show at Chicago. John Barrett, director of the Bureau of American republics, who was designated by the national committees of the republican and democratic parties to be the unofficial host of the foreign officials will leave Friday and take up his headquarters at the Auditorium Saturday, where rooms have been engaged by most of the diplomats. Director Barrett will complete the necessary arrangements with the committee for the seating of his party and he will personally escort them to the convention hall, at the opening of the great meeting. He will likewise escort the diplomats to the democratic convention at Denver.

Ralph W. Tyler, the colored auditor of the Navy Department, and the administration mainstay against the ravages of the Foraker-Brownsville incubus, has disappeared and his friends and his enemies are expecting him at any moment to loom up in Chicago in his role as chief counsel and guide to manager Hitchcock. He is reported to have gone there. No reports of his activity have arrived but as he works quietly and silently, dispensing advice in whispers none is anticipated. Auditor Tyler is a clever man, even his enemies concede, and those who know would not be surprised to see Hitchcock pull off another coup which will help materially to put the vexing colored vote question out of the way for the Taft campaigners.

The elaborate preparations for getting news on the jump from the convention, which have kept the White House attachos busy on former campaign years will, it is said, be lacking this June. Instead of making extraordinary efforts to get the news even in advance of the newspaper reports, the president will this year maintain an attitude of apparent indifference. There will be no long distance telephone connection established between the White House and the hall in Chicago where the delegates are to register their will. Neither will the president's staff of telegraphers have Western Union and Postal "loops" running into the Auditorium or anywhere in the immediate vicinity. From all outward appearances the president will not take any more interest in the affair in the city by the lake than the ordinary private citizen. If he gets any telephone calls from his lieutenants they will be obliged to secure connection through the usual course of procedure, and if they wire him they'll have to call a district messenger boy and send the telegram prepaid at their own expense. "What's the use of bothering about the affair?" exclaimed a White House official, very close to the president; "the president will know long before the thing happens just how it is going to be brought about. By the time Hitchcock's steam roller goes by it will be all over but the shouting. The president will know just when the roller is scheduled to move and it will move according to programme. It would therefore be a wicked waste of money and energy to hitch up telephone and telegraph wires to tell him about the way the programme is carried out. He knows just how it will be done and there will be no possible chance of slip-up." The man most vitally interested in Washington, William H. Taft, will have his ear to the phone at his office when the convention meets and will be kept constantly advised as the convention proceeds. In order to enable him to hear more distinctly, the secretary has ordered a telephone booth put into his private office at the War Department before the convention meets.

As evidence to prove that the administration is not as black as painted in some quarters, the White House made public today a telegram from the Minnesota State Federation of Labor in Winona approving President Roosevelt's attitude in regard to labor. The telegram read: "The Minnesota State Federation of Labor in convention assembled and representing 40,000 workers desire most respectfully to express their appreciation of your effort on behalf of the workers of the nation as evidenced by your transmission to Congress of several messages urging the enactment of certain laws of vital interest to organized labor. (Signed)

"W. E. McEWEN, secretary treasurer.

"Minnesota State Federation of Labor."

In accordance with the suggestion made by the governors at the recent conference at the White House, the president yesterday appointed a National Conservation Commission to consider and advise him on questions relating to the conservation of the natural resources of the country, and to co-operate with similar bodies which may be designated by the several States. Mr. Overton W. Price, of Alexandria county, was named as secretary on the forestry division and also on the executive committee.

Secretary Wilson, of the Agricultural Department brought some good republican campaign material to the cabinet meeting today. "The prospects of good crops could not well be better," said the secretary, who has just returned from the west. "This propaganda for pure seeds is having its effect. Why, the prospects are that we will have even a better cotton crop this year than last year."

A petition for the appointment of a receiver was filed in the District Supreme Court today by Hickman and White, the sporting goods house, against the Washington Union League Baseball Club. It is alleged that the club is indebted to the extent of $257,05. A judgment for this amount was obtained in court by a concession of Wm. F. Hart, president of the club.

J. William Shea, private secretary of Representative Fassett, of New York, testified before the grand jury today in respect to the telegram sent by Mr. Fassett to State Senator Owen Cassidy which resulted in the defeat of Governor Hughes's anti-racing bill. Mr. Fassett and Senator Cassidy will not appear before the grand jury. Mr. Shea stated that the message he handed the operator did not contain the word "not" which Julian Timberlake, the operator, is alleged to have inserted and which he admits.

The Wheeling and Lake Erie Railroad yesterday went into the hands of a receiver at Toledo. B. A. Worington, of Cleveland, was named yesterday as receiver in the sum of $100,000 bond. The petition, on behalf of the American Car Wheel Company, alleges an indebtedness of $28,000,000.

"The" Allen, the pool room keeper, who was known as "the wickedest man in New York," did not die of poison, according to a report to Coroner Harburger today. The relatives of the dead man, who fought his bequest of the greater part of his wealth, had suspected that Allen died of poison.

Stephen Brodie, son of "Steve" Brodie, the famous bridge jumper, is dead today in Bellvue Hospital, New York, of alcoholism, after having spent a fortune of $100,000 left him by his father. As the result of a meeting of presidents and operating officials of important railroads, recently held in New York, it is certain that there will be neither a general increase of freight rates nor a decease in wages of employes this summer. There will be no action in either direction before next October, at least, and it is believed that it will not be necessary even then.

RIOT ON A CAR.

Five persons were injured in a riot on a Market street car in St. Louis last night.

When the car left West End Heights to run into the city, several men engaged in an altercation with Conductor Riffle concerning pavement of fares. A free light resulted, and Motorman Packheiser went to the assistance of the conductor, Packheiser was pitched head foremost out of a window.

After policemen had quelled the fighters a spectator volunteered to run the car. The conductor accepted the offer, and the stranger turned on the power. At Eighth street David O'Brien stood waiting to board the car.

The volunteer motorman failed to stop the car, which was traveling at a high rate of speed. O'Brien attempted to swing on board, fell, and was plunged under the wheels, cutting off his right leg and mashing his left.

In the excitement, the volunteer motorman escaped, Conductor Riffle was taken into custody, but was soon released to go to a hospital.

Reverly Brown, one of the rioters, is at the hospital under arrest. Joseph Looney, charged with being Brown's accomplice in assaulting Conductor Riffle, was arrested.

Prohibition in Texas.

Dallas, Texas, June 9.—Texas has been caught in the wave of prohibition sweeping across the southern States and will vote squarely on the issue. A primary will be held July 25 to vote on state-wide prohibition or local option. This programme was only decided on after a hot all-day fight in the democratic state committee which has ordered the primary. The liquor interests tried to prevent action and were defeated.

DESTROY THE CAUSE

You Cannot Cure Dandruff Without Destroying the Cause of it.

Many people wash their scalps Saturday night or Sunday to try to keep the dandruff down for the week, but on Monday night the scalp has begun to itch, and Tuesday morning will find a good supply of dandruff when the hair is brushed. There is but one real scientific way of curing dandruff; and that is to kill the germ that causes it, and failing hair, and finally baldness. There is only one preparation that will destroy the germ, and that is Newbro's Herpicide. It is an entirely new discovery and the only hair preparation that is based on the new scientific principle. In addition Herpicide is a very refreshing hair dressing for regular toilet use.

Sold by Ernest L. Allen & Co., agents. Two sizes 50c and $1.00. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. 52

Mr. W. S. Summers, a well known resident of Loudoun county, died at Sterling yesterday. He was an ex-Confederate soldier, having served throughout the civil war in the Eighth Virginia Regiment. He was deputy sheriff of Loudoun county, a member of the county electoral board and a prominent farmer.

Mountjoy, accused of selling liquor in Stafford without a license, will be brought before the grand jury in Alexandria at the July term.

CONFEDERATE HOSTS GATHER.

The annual reunion of the United Confederate Veterans began at Birmingham, Ala., today.

Practically all of the prominent officers are on hand and have opened headquarters.

Thus far Atlanta is the only southern city with a delegation present working for the next reunion. Much rivalry has already developed, and the contest for commander to succeed the late Gen. Stephen D. Lee is on. General Cabell, of the Trans-Mississippi Department, has the advantage of seniority in rank, but the veterans themselves will have the decision. Gen. Clement A. Evans, of Georgia, commander of the Department of Tennessee, has some strong workers in the field.

The convention was called to order at 10 a. m. by General Harrison, commander of the Alabama division. Chaplain-General William Jones, of Richmond, offered prayer, General Harrison delivered an address and Gov. B. B. Comer, of Alabama, welcomed the veterans on behalf of the State.

This afternoon Col. E. L. Russell, of Mobile, reunion orator, and Judge A. O. Wright, of Jacksonville, Fla., commander of the Confederate naval veterans, will speak. Governor and Mrs. Comer will give a reception tonight.

LIGHTNING STRIKES FACTORY.

One man was killed and one woman and two children badly injured and damage estimated at $150,000 was done in Port Huron, Mich., and vicinity late yesterday afternoon by a severe wind and electrical storm.

Many buildings were struck by lightning, among them being that of the Standard Chain Company, across the river at Sarnia, Ont., where the loss of life must have been great had not the employes left the building but a few minutes before the crash. The damage there is $60,000.

Theodore Krischnitake, a farmer residing near Smiths Creek, a few miles west of Port Huron, was struck by lightning and instantly killed.

CUT OFF SOUTHERN STATES.

The anti-Taft people at Chicago yesterday evolved a plan to prevent southern delegations from hereafter controlling republican conventions. They declare that they will submit it to the convention next week. This plan if adopted will give to each State four delegates at large, and one for every ten thousand republican votes cast at the last preceding presidential election.

The effect would be to cut off approximately 160 delegates from the southern States and add approximately 150 to the northern States.

TWICE TRIES TO END LIFE.

J. Thornton, a former Southern Railway freight conductor, who was thrown out of work last fall, made two ineffectual efforts at suicide in a Church street boarding house in Lynchburg yesterday. The first attempt was with gas, but he was discovered and saved. A short time later he took an ounce of laudanum, but heroic treatment again saved him. He refused to stay in the city hospital and was locked up in the city jail under a warrant for a lunacy commission. Thornton evidently lost his mind worrying over the lack of work.

COURT OF APPEALS.

The following cases were disposed of in the Court of Appeals at Wytheville yesterday:

Today's Telegraphic News.

The Republican Committee.

Chicago, June 9.—Armed with the declaration of Secretary Taft that there must be no compromise in any contest, the Taft men today went into the meeting of the republican national committee to fight for everything they can get out of the Louisiana contest. The result will possibly be the biggest fight the committee has yet had in the consideration of contests.

When the committee met today to resume consideration of the Louisiana contests there was still talk of a compromise in spite of Taft's declaration.

Walter L. Cohen, colored, who heads the so-called "black and tan" contestants, declared that since 1900 the republican vote in the State has been reduced from 14,000 to 3,900 with the prospect that, if the committee recognizes the factor this year, this party vote will fall to such a low level that the candidates' names will not be printed on the official ballot.

Chicago, June 6.—The national committee has announced that the delegation to the convention from Louisiana has been split between the Taftmen and allies. Each side gets nine votes. This decision was the result of an agreement between the "lily whites" (Taft men) and the "black and tans." It means a great victory for the Taft men, inasmuch as it keeps the "lily whites" in control of the State and means that national committeeman Pearl Wright, a Taft man will be the sole dispenser of federal patronage in the state.

The decision of the committee was a unique compromise.

The committee then took the Mississippi contests involving fourteen seats.

The Paris Murder Mystery

Paris, June 9.—The declaration of Beni Rochefort, editor of the Patrie, that the recent murder of Adolphe Steinheil, an artist, and his mother-in-law, Mme. Japy, was a political crime, has aroused a storm of comment, and today Rochefort is being called on to prove his assertion or retract. The police say Rochefort's statements are part of his plan of opposing the Clemenceau government. Rochefort asserts that Parisians are menaced by a sort of Mafia, and that the moment any citizen become possessed of information of a damaging character against the government he runs the risk of being murdered. It was such a possession, he says, that led to the Steinheil crime. He casts suspicion on the death of President Felix Faure on the day on which the decree for the revision of the Dreyfus affair was to have been presented, and of Gabriel Syveton on the day before he would have been acquitted of assaulting War Minister Andre.

There are many who side with Rochefort in his attack on the government. The utter failure of the police to reach any solution of the Steinheil murder and their insistence on the robbery theory when such a motive has been abandoned by nearly every one, adds color, in the minds of many, to the Rochefort charges.

Hotels Destroyed by Fire.

Newport, R. I., June 9.—One death may result from the fire which early today destroyed the new Cliff Hotel and badly damaged the East Beach Pavilion. The 12-year-old son of John E. Jordan, the manager, was so badly injured in jumping from a second story window that he died early this afternoon at the Newport Hospital. Mr. Jordan and his wife also dropped the same distance, but escaped with nothing worse than a shaking.

New York, June 9.—Through search today in the still smoking ruins of the fashionable hotel Gramatan in Bronxville has practically dissipated the fear that two firemen lost their lives in its destruction. Many of the wealthy guests lost heavily, gems to the value of at least $50,000 having been abandoned as their owners fled. When the flames were subdued this morning the damage was found to be at least $100,000.

Murderer and Suicide.

Willoughby, Ohio, June 9.—That Charles P. Corlett, president of the Corlett Engineering Company, saved his wife's life only to take it himself, was developed at the inquest on the body of the murderer and suicide here today. Corlett was 40 and his wife 35. She was a beautiful woman; he a brilliant architect and engineer, who had just completed plans for the $2,000,000 Andrews Industrial Home at Willoughby, provided for in the will of the late W. C. Andrews, of New York City. The double tragedy followed a bitter quarrel extending over several days, in which Corlett accused his wife of receiving attentions from other men. All the circumstances disclose at the inquest show that Corlett had decided to kill himself and his wife, and she had consented. On the woman's neck were a jewelled crucifix, on the table a prayer book and beside the man was his bible.

Spanish Ship at Havana.

Havana, June 9.—The Spanish training ship Nautilis, the first Spanish ship to enter a Cuban port in ten years, is being accorded honors in the harbor here. Under the Spanish-American treaty of Paris, following the war between these countries, Spanish war ships were prohibited from entering Cuban waters for a period of ten years. The demonstration made over the Nautilus was of such warmth as to indicate utter absence of any feeling of bitterness to what was once the parent country. A fleet of harbor craft met the training ship outside the bay and acted as an escort to the port. The Nautilus will stay at Havana for ten days and a continuous round of festivities has been planned in honor of the crew. Her officers will be guests of the various clubs of the city during their stay.

No Need of Suffering from Rheumatism.

It is a mistake to allow anyone to suffer from rheumatism, as the pain can always be relieved, and in most cases a cure effected by applying Chamberlain's Liniment. The relief from pain which it affords is alone worth many times its cost. It makes sleep and rest possible. Even in cases of long standing this liniment should be used on account of the relief which it affords. Do not be discouraged until you have given it a trial. For sale by W. F. Creighton and Co. and Richard Gibson.

Commissions Issued.

[Special Dispatch to the Alexandria Gazette.]

Richmond, June 9.—Governor Swanson has today ordered commissions issued to F. L. Slaymaker, captain; R. H. C. Beverly, first lieutenant, and Carroll H. May, second lieutenant of the new company G. 70 regiment of Alexandria.

It is figured by political statisticians here today that of the eight hundred delegates to Roanoke only three hundred are instructed for Bryan and that the chances are all against an instructed delegation to Denver.

Edward and Nicholas Meet.

Reval, June 9.—The Gulf of Finland, just off this quaint old town, is now the scene of the greatest royal gathering in its history. King Edward of England and Emperor Nicholas, Czar of all the Russias, and their suites of royal dignitaries, are carrying on their "interchange of courtesies," while the eyes of at least three nations are centered upon them and the minds of England, Russia and Germany awake to discern if the meeting has a deeper significance than has been announced.

Hundreds of gaily decorated crafts swarmed in the gulf to be long-distance witnesses of the international festivities, as the royal yachts are guarded by torpedo flotillas. Traffic in the gulf will be practically suspended during the two days of the king's visit.

Reval, though it will get no glimpse of the English royalty, is flaunting banners and flags and enjoying the greatest holiday of her existence.

The czar, czarina, their children and attendants, arrived by train this morning from St. Petersburg. The track for the entire distance was under the guard of soldiers and the line was examined as the train proceeded. The royal party left the train near the harbor and walked through lines of soldiers to the water front, where they boarded a small boat and were conveyed to the Standart. In two hours the king and queen arrived aboard the Victoria and Albert. The czar boarded the English yacht while salutes were being fired and was warmly received by King Edward. The king and queen and the Princess Victoria were then conveyed to the Standart, where luncheon was served.

Today's ceremonies will take place aboard the Standart and tomorrow the king will act as host aboard the royal yacht.

Tower's Departure.

Berlin, June 9.—It developed today that former Ambassador Charlemagne Tower's farewell audience with Emperor William at Potsdam yesterday was brief and formal and wholly lacking in the cordiality that usually marks such a proceeding. The perfunctuory nature of the farewell was due to the resentment that the emperor is said to feel as the result of his being misled by Tower as to the status of Dr. David Jayne Hill, Tower's successor at Berlin. The kaiser lodged a complaint against Hill and it is charged that he did so on misrepresentations made to him regarding Hill by Tower, one of which was that Hill was unable financially to maintain the embassy according to the German standard. The emperor was greatly humiliated when he learned the true state of affairs, and hastened to announce that Hill would be persona grata. The affair was smoothed over, but the emperor is said to have held Tower responsible for his embarrassment. Ambassador Hill will not arrive until Thursday, after Tower's departure, for he does not wish to meet his predecessor.

Fourteen Persons Killed.

Rome, June 9.—Fourteen persons were killed and sixty injured in the wreck of a pilgrim's train at the Roccapietra station today. The train was from Piedmont and had stopped at the station for repairs to the engine when a freight crashed into the rear end, telescoping three cars. The train was packed with pilgrims. A scene of wild disorder followed. The three rear cars were literally torn to pieces. Many of the injured will die. This is the second pilgrim's train that has met with disaster within a month, the other being wrecked at Antwerp.

Gould and Huntington Still at Work.

San Francisco, June 9.—That Collis P. Huntington and Jay Gould, though translated to another sphere, still keep up a lively interest in the market was testified today in the trial for embezzlement of Walter J. Barnett, vice president of the wrecked California Trust Company. Barnett, it was declared by witnesses, at seances at which the officers of the bank and their wives were present, called up the spirits of Gould and Huntington to advise him how to invest the bank's money.

Eighty Chinamen Drowned.

Hong Kong, June 9.—The British passenger steamer Howan struck upon a submerged rock off Lantao island late last night and today is a total wreck. The vessel carried one hundred and seventy passengers. Steamships which came to the rescue saved all the Europeans among them and the ships officers. About eighty natives are believed to have been drowned. Divers are working on the wreck.

Train Wrecked.

Buffallo, N. Y., June 9.—Wabash passenger train No. 4, known as the Buffalo express, running between St. Louis and this city, was wrecked today a mile west of Stevensville, Ont. Between 15 and 20 passengers were injured; one perhaps fatally. The man, whose name could not be learned, is badly crushed. The engine and four coaches jumped the track and rolled down an embankment.

Curfew for Pittsburg.

Pittsburg, June 9.—Pittsburg girls under 16 years of age are to be all chased from the streets at 9 o'clock in summer and 8 in winter by a curfew. An ordinance was prepared yesterday, to be introduced into the city councils at the next meeting.

New York Stock Market.

New York, June 9.—Price movements during the first hour were much of the same character as those of Monday, the market see-sawing with incentive either way on the advances and rallies but with the difference that the range of prices was on a lower level than that of the preceding day. The leading stocks which opened lower made some moderate gains. On this up-turn traders sold and offered stocks down until losses of about a point had been sustained. This decline was followed by another rally that carried prices up above the opening and at the end of the hour few of the stocks traded in showed any important change from yesterday's close.

Race Riot.

Austin, Texas, June 9.—A race riot is in progress today at Longview, Texas. Few details have been received. Rangers have been dispatched to the scene. Two persons are known to have been killed and two injured. A quarrel over ownership of a calf between two white men and two negroes started the trouble. Both whites were killed. Posses are searching for the negroes. Negroes have come to the their assistance and threaten to kill any one trying to arrest them.

A dozen persons were injured, five seriously so today when a Kedzie avenue Chicago street car crashed into and telescoped another car on the same line. It is feared three of the injured may die.

Governor Hughes sent a message to the New York legislature, yesterday in special session, urging the enactment of laws against race-track betting.

THE ELECTION TODAY.

The polls in the four wards of this city were opened at sunrise this morning, and, while there was no excitement, the voting soon became spirited, many persons whose occupations require their absence from the city most of the day, desiring to cast their ballots early.

The barrooms of the city closed their doors at six o'clock yesterday evening, and, so far as could be seen, the proprietors were observing the law today.

Two booths, placed some distance apart, are being used at this election, and the ballots are received at separate windows. The ballots for congressman are being received by judges and clerks conducting the primaries, and those for mayor, aldermen and councilmen by those conducting the general municipal election.

A special train bearing between 50 and 75 of Congressman Carlin's friends left this city yesterday afternoon at 7 o'clock for Herndon, where Mr. Carlin spoke to a large audience last night. Mr. Carlin and those who accompanied him were received with great enthusiasm.

Mr. Carlin delivered a two hours' address in support of his renomination during which he received much applause. A large number of young women, attired in white, were present at the meeting. They waved flags and manifested considerable enthusiasm.

While Mr. Carlin was at Dr. Huddleson's residence a committee of ladies waited upon him and asked if he would accept an escort of ladies to the hall. Mr. Carlin expressed his pleasure at the proposal, and about 100 ladies, attired in white, wearing Carlin badges and bearing Carlin banners, escorted him to the hall. Mr. Carlin says this was the greatest compliment ever paid him.

During the evening Mr. Carlin read a dispatch he had received from Mr. Gordon, his opponent. In the dispatch the latter said:

"I understand that you have criticised me for not being present at the meeting at Falls Church Saturday night. You did not invite me to that meeting or notify me that you would speak there. I have twice invited you to meet me in joint discussion. You have declined. I now extend to you the third invitation you to name time and place of the debate, I stipulating only an equal division of time. I tried in vain to have this delivered at your house from 10 to 11 o'clock this morning, and failing in this my friend, Mr. John S. Barbour, will hand you this at Herndon and request a written reply."

Mr. Carlin read his reply to Mr. Gordon's challenge in which among other things he said:

"I am at a loss to understand why you could not have made your request earlier, as both you and I were in the city of Alexandria all of yesterday, and no friend of yours ever called at my home. Again I happen to know that you were trying to secure a hall in which to speak in Alexandria last night after you returned from the home of Mr. Birge. Again I happen to know that your friend, Mr. Wampler, has been here all the afternoon arranging to have your friend here to-night, and I also happen to know that you or your friend wired to Mason Throckmorton to be here tonight; and all this time, it seems to me, you could have easily advised me of your wishes. But, notwithstanding what I have related, I do not desire to treat you discourteously, and will cheerfully permit you to speak for thirty minutes at my meeting to-night following the speeches of my friends and preceding mine.

Mr. Gordon declined the invitation, and asked for fifteen minutes additional. This request Mr. Carlin denied.

Following Mr. Carlin speeches were made by Walter P. Olliver, of Fairfax; R. C. L. Moncure, of Falls Church; and Judge Richard Tebbs, of Leesburg. Dr. C. F. Russell, of Herndon, presided during the evening and introduced the speakers.

Mr. Gordon was not present at or during the meeting.

Yesterday afternoon the four graduates of Arlington Institute, Miss Julia Cone, Miss Alice Graham, Miss Harriet Pollard and Miss Nannie Slaughter, were given their certificates and A. I. monogram pins by Miss Chandlee, in token that they had satisfactorily completed the course of the school. The exercises were shorter than usual, owing to the fact that the play given by the Shakespeare class, which has heretofore been presented on commencement night, was given a week ago. Yesterday, after the reading of the grades and standing of the graduates, Miss Graham read an essay, "Shakespeare's Women," in which his women were well portrayed. Miss Pollard and Miss Slaughter presented one scene from "A School for Scandal." This was well done, and was loudly applauded. Miss Cone in an essay, "The Heaven-kissing Hills," brought before us Shakespeare's ambitions men and women in a very real way. The work of these four young ladies has been excellent throughot the year, and merits high commendation.

POLICE COURT.

[Justice L. H. Thompson presiding.]

The following cases were disposed of this morning:

Robert Lee, colored, charged with disorderly conduct, was dismissed.

Hattie Thomas, colored, charged with a similar offense, forfeited $5 collateral by failing to appear.

William Garnell, charged with being drunk in the street, was dismissed upon promising to return to his home at Occoquan.

Horace Collingsworth, charged with disposing of a watch belonging to Walter Cash, and a young man charged with neglecting to support his wife and child, had their cases continued until next Saturday morning.

A resident of the southwestern section of the city, charged with maintaining a nuisance on his premises, was dismissed upon promising to abate the same.

A fruit dealer, charged with conducting business after 12 o'clock last Saturday night, in violation of the Sunday law, was dismissed.

THE NEW MILITARY COMPANY.

Capt. F. L. Slaymaker, Lients. R. H. C. Beverley and C. H. May, who were recently elected officers of Company G, Seventieth Regiment, Virginia Volunteers, the new military company of this city, have passed the required military examination and qualified before the State Military Board. The men of the new company will meet Thursday and Saturday evenings at the office of Dr. W. M. Smith for the purpose of undergoing the required physical examination and for enlistment. Orders for mustering in will be issued by Adjt. Gen Anderson, when the required number of members has enlisted. Legal steps will then be taken to secure possession of the armory.

SONS OF VETERANS.

The regular monthly meeting of M. D. Corse Camp, S. C. V., was held at Confederate Veterans' Hall last night with Lieut. Com. Noel Garner presiding. A committee on application was appointed. The camp was the recipient from the Seventeenth Virginia Regiment Chapter, U. D. C., of a handsome national flag of the Confederate States, for which the adjutant was instructed to return the thanks of the camp, also for the invitation to attend the ceremonies on President Davis's birthday and the courtesies extended them on that occasion. Considerable business of a private nature was transacted.

TAX QUESTION.

As stated yesterday a rule was issued that day by Judge Barley, against Charles Atwell and Joseph E. Schwarzmann to show cause why their names should not be stricken from the voting list. The case was heard in the afternoon, and Mr. Atwell's name was ordered to be stricken from the list, and Mr. Schwarzmann's name retained, he having produced all of his tax receipts which were correct in all respects. It appears that Mr. Atwell had paid for two years, but the poll tax item had been erased from the bill made out for property belonging to his wife and this caused the mistake.

A. L. I.

According to announcement, a meeting of the Alexandria Light Infantry was held in Armory Hall last night, when plans to contest any effort of the new military company to gain possession of the armory were discussed. The meeting was presided over by Lieut. W. W. Demaine. The meeting adjourned until Monday night, when, it is said, definite action will be taken.

CRIES OF MURDER.

Between one and two o'clock this morning cries of murder startled many persons living in the southeastern section of the city. The cries emanated from Union street, between Wilkes and Gibbon. The police made an investigation and found a colored woman was suffering from fits.

PRISONER DISCHARGED.

As stated yesterday the grand jury that day returned a bill for the defendant in the case of Joseph Williams, colored, indicted for voluntary manslaughter in connection with the sinking of the steamer Trenton, May 3, at a wharf in this city, in which accident a little child named Stanley Posey was drowned. Williams was employed as a deckhand aboard the steamer, and admitted having opened the portholes of the boat. It is understood the jury took the position the negro was merely guilty of carelessness, and the opening of the portholes was only one of several causes resulting in the death of the child. He was discharged from custody.

INCORRECT REPORT.

The report that two trains on the electric road narrowly escaped collision near the southern limits of the city on Sunday evening turns out to have been incorrect. The report originated from the fact that one of the trains stopped near the curve at Hunting creek and a flagman was sent ahead to observe the approach of the other train. This is done when either train is late and the trainmen were surprised to learn that their action had been misunderstood.

TUESDAY EVENING, JUNE 9, 1908.

AUDUBON A MISSOURI GROCER.

It is not generally remembered that the world-wide reputation of Audubon as a naturalist, incidentally, is due to his failure to establish himself permanently as a Missouri grocery merchant and dealer in the best brands of Kentucky whisky.

In 1810 he and Ferdinand Rozier of Ste. Genevieve loaded a keelboat at Louisville, Ky., with 310 barrels of whisky and groceries, and started down the Ohio and Mississippi to Ste. Genevieve to open a grocery store. The trip was made during the winter, and the streams were so full of ice that the boat was drawn up against the bank and winter quarters were established just below Cape Girardeau. When Ste. Genevieve was reached, after the opening of navigation, the firm of "Audubon & Rozier opened its store and did a prosperous business. But the business was done by Rozier, for Audubon preferred the woods to the counter, and devoted more of his time to sketching and stuffing birds than he did to marketing the 310 barrels of good Kentucky bourbon, or any other groceries. This led to a dissolution of the partnership April 11, 1811, Audubon, convinced of his unfitness for business, sold out to Rozier and took up the work for which he was better fitted than anyone who had lived before or who has lived since, and from a fourth-rate grocer became the great ornithologist. The grocery business which Audubon abandoned, grew until it "extended throughout all of upper Louisiana."

For a Sprained Ankle.

As usually treated, a sprained ankle will disable the injured person for a month or more, but by applying Chamberlain's Liniment and observing the directions with each bottle faithfully, a cure may be effected in many cases in less than one week's time. This liniment is a most remarkable preparation. Try it for a sprain or bruise, or when laid up with chronic or muscular rheumatism, and you are certain to be delighted with the prompt relief which it affords. For sale by W. F. Creighton and Co. and Richard Gibson.

CONSTABLE SHOT.

R. V. Chambers, constable for the New Garden district of Buchanan county, was shot yesterday afternoon, and so seriously wounded that he will die, while attempting to enter the home of a woman, a Mrs. Caleman, by way of the chimney. The officer and a friend had gone to the home of the woman, where they were denied admittance. Climbing to the roof the two men attempted to gain an entrance by means of the wide chimney. Upon reaching the bottom, however, they found that the fireplace had been closed up. The shooting took place while Chambers was making his exit. The ball penetrated a vital part of the body. The officer is said to have been shot by the accidental discharge of his own revolver.
